

## Drug Discovery Symposium on

# Targeted therapeutic approaches against cancer and ageing

## Keynote Speakers

**Dr Paul Clarke**  
*CRUK Center for Cancer Therapeutics, Sutton, UK*

**Dr Harren Jhoti**  
*Astex Pharmaceuticals, Cambridge, UK*

**Dr Spiros Linardopoulos**  
*CRUK Institute for Cancer Research, London, UK*

**7 December 2015**  
**NHRF Auditorium**

## Invited Speakers

**Dr. Pablo Martín-Gago**  
*Max-Planck-Institut, Dortmund, Germany*

**Dr Konstantinos Gardikis**  
*APIVITA SA, Athens, Greece*

**Dr Alex Strongilos**  
*pro-ACTINA S.A., Athens, Greece*

**Organization**  
 IBMCB/NHRF

Drug Discovery Symposium on

“Targeted therapeutic approaches against cancer and ageing”

Monday 7 December 2015

09:00-09:30	Registration
<b>Session 1. Chairpersons: Dr MN Alexis- Dr B Steele</b>	
09:30-09:45	<b>Dr Vassilis Gregoriou</b> NHRF Director & Chairman of the Board, Athens, Greece
09:45-11:15	STHENOS project presentation <b>Dr Alex Pintzas</b> , IBMCB/NHRF, Athens, Greece “Cancer related drug discovery targeting GR, p53 and BRAF” <b>Dr Efstathios Gonos</b> , IBMCB/NHRF, Athens, Greece “Ageing related drug discovery targeting proteasome”
11:15-12:15	<b>Dr Harren Jhoti</b> , Astex Pharmaceuticals, Cambridge, UK “Fragment-based drug discovery for Oncology targets”
12: 15-13:30	Lunch break
<b>Session 2. Chairpersons: Dr M Koufaki- Dr N. Chondrogianni</b>	
13: 30-14.15	<b>Dr. Pablo Martín-Gago</b> , Max-Planck-Institut für Molekulare Physiologie, Dortmund, Germany “Pyrazolopyridazinones as inhibitors of the KRas-PDEδ interaction”
14: 15-15:00	<b>Dr Konstantinos Gardikis</b> , APIVITA SA, Athens, Greece “Skin ageing processes and causes of premature skin ageing, marketing tre and consumer perspectives”
15:00-15:30	Coffee break
<b>Session 3. Chairpersons: Dr T Calogeropoulou- Dr V Zoumpourlis</b>	
15:30-16:30	<b>Dr Paul Clarke</b> , Center for Cancer Therapeutics, Sutton, UK “Discovery of WNT Signalling Inhibitors from a Cell-Based Screen”
16:30-17:15	<b>Dr Alex Strongilos</b> , pro-ACTINA S.A., Athens, Greece “Re-formulating anticancer drugs using Nanotechnology: The example of Abraxane”

<b>17:15-18:15</b>	<b>Dr Spiros Linardopoulos</b> , Institute for Cancer Research, London, UK "MPS1 inhibitors in cancer: Lessons learned"
<b>18:15-18:45</b>	Panel discussion: Novel perspectives of targeted drug discovery Dr Paul Clarke, Dr Harren Jhoti, Dr Spiros Linardopoulos, Dr M. Zervou
<b>18:45</b>	Closing remarks

**National Hellenic Research Foundation (NHRF), Auditorium  
48, Vas. Constantinou Avenue, Athens Greece**
