

**Theoretical and Physical Chemistry Institute
National Hellenic Research Foundation**

Vass. Constantinou 48, Athens

LECTURE

**“Mechanics of thin Films: graphene and hBN at
the linear and the nonlinear regime.**

**Stress interpretation of graphene's Raman
spectra.”**

Dr. D. Sfyris

**Institute of Chemical Engineering Sciences (ICE-HT),
Foundation for Research and Technology, Patras**

Thursday, October 5, 2017, 12:00

Seminar room, ground floor, NHRF
